Good Start, Great Start

We'd like to say thank you to all our Nursery parents who are currently taking part in our Good Start, Great Start programme. The sessions take place every week, where parents join their children and share activities designed to develop children's communication skills, taking turns, collaborate with others as well as develop their problem solving skills. Through the programme they will acquire a heightened interest in the world around them, curiosity about how it works and they will develop and enhance their communication skills. Also during the sessions, there is the opportunity for parents to share skills and techniques that support children's learning. Sessions will continue for the next few weeks leading up to Christmas and we'd like to thank Mrs Clements who leads on the project.

CLEAR LEADERS

This week we held interviews for pupils from years 4-6 for our brand new CLEAR (Child Led Evaluation And Review) leaders. After completing an application form, children were shortlisted for an interview with Mrs Beaumont and Miss Stubbs. All children interviewed prepared well and were confident and articulate in their interviews which made the decision a very difficult one.
