

Dear Parents and Carers,

During the academic year your child/ren will go on educational learning trips as part of their class hook usually towards the start of each term. To give all parents a clearer understanding on the estimated costings of the planned trips for this academic year 2017-2018 we would like to let you in advance approximately how much these trips are likely to be overall:

Year 2: £23.00

We hope this provides all our parents with support in their children's learning this year and provides as much notice to all parents as possible.

Yours Sincerely

Miss Stubbs

Deputy Headteacher
